

J-211 PVC Tape with Rubber Adhesive

Cert No.:0105E10171R05/3302

Cert No.:3302/200424033

Product Description:

This tape takes PVC film as backing material coated with pressure-sensitive rubber adhesive. It is flexible with strong retract ability, easy tear and wire, solvent resistant, high voltage resistance and flame retardant. This tape is commonly used for insulating protection of electrical parts and wires. Widely used for manufacturing of automobile harness, anti-magnetic coil, household electrical equipment.

Typical Properties

Properties	Typical Values
Adhesive	Rubber
Backing	PVC
Backing Thickness	0.08-0.15 mm
Total Thickness	0.11-0.20mm
Color	many
Temperature Class	80°C
Tensile Strength	20-30N/10mm
Elongation	150-200%
Adhesion strength	2N-2.5N/10mm
Dielectric Strength	>5000V
